

PUBLICATIONS MASTER LIST**BOOKS****1970s**

1. Wilson, A.G., 1970. *Entropy in urban and regional modelling*. London: Pion. (Translated from English to Russian, 1978. Moscow: Nauka.)
2. Wilson, A.G., 1972. *Papers in urban and regional analysis*. London: Pion.
3. Wilson, A.G., 1974. *Urban and regional models in geography and planning*. Chichester and New York: John Wiley. (Translated from English to Spanish. Barcelona: Oikos-Tan).
4. Rees, P.H. and Wilson, A.G., 1977. *Spatial population analysis*. London: Edward Arnold. New York: Academic Press.
5. Wilson, A.G., Rees, P.H. and Leigh, C.M. eds., 1977. *Models of cities and regions*. Chichester and New York: John Wiley.
6. Wilson, A.G., Bonsall, P.W., Champernowne, A.F. and Mason, A.C., 1977. *Transport modelling: sensitivity analysis and policy testing*. Oxford: Pergamon.
7. Wilson, A.G. and Kirkby, M.J., 1978. *Mathematics for geographers and planners*. Oxford: Oxford University Press. Reprinted 1980.

1980s

8. Wilson, A.G., 1981. *Catastrophe theory and bifurcation: applications to urban and regional Systems*. London: Croom Helm and University of California Press: Berkeley.
9. Wilson, A.G., 1981. *Geography and the environment: systems analytical methods*. Chichester and New York: John Wiley.
10. Wilson, A.G., Williams, H.C.W.L., Coelho, J.D. and Macgill, S.M., 1981. *Optimisation in locational and transport analysis*, Chichester and New York: John Wiley.
11. Wilson, A.G. and Bennett, R.J., 1985. *Mathematical methods in human geography and planning*, Chichester and New York: John Wiley.
12. Bertuglia, C.S. and Wilson, A. G., 1987. *Urban systems: contemporary approaches to modelling*. London: Croom Helm.

1990s

13. Leigh, C.M., Monck, C., Stillwell, J.C.H. and Wilson, A.G., 1990. *Yorkshire and Humberside: economic development and future prospects*. Leeds: Yorkshire and Humberside Development Association.
14. Bertuglia, C.S., Leonardi, G. and Wilson, A.G. eds., 1990. *Urban dynamics: designing an integrated model*. London: Psychology Press. Re-issued in 2011 by London: Routledge.

16. Birkin, M., Clarke, G.P., Clarke, M., Wilson, A.G., 1996. *Intelligent GIS: Location decisions and strategic planning*. Cambridge: GeoInformation International.

2000

17. Wilson, A.G., 2000. *Complex spatial systems: the modelling foundations of urban and regional analysis*. Harlow: Prentice Hall. Google books –
(<http://books.google.co.uk/books?id=wsW1yxttgQ8C&printsec=frontcover&dq=complex+spatial+systems:+the+modelling+foundations+of+urban+and+regional+analysis&hl=en&sa=X&ei=r-fSUPzXFtSp0AXnq4A4&ved=0CDYQ6AEwAA>)

2010s

18. Wilson, A.G., 2010. *Knowledge power: interdisciplinary education for a complex world*. Abingdon: Routledge.
19. Wilson, A.G., 2012. *The Science of Cities and Regions: Lectures on Mathematical Model Design*. London: Springer.
20. Pagliara, F., de Bok, M., Simmonds, D. and Wilson, A. G., eds, 2012, *Employment location in cities and regions: models and applications*, Heidelberg: Springer.
21. Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies. Volume 1. The foundations*, Abingdon: Routledge.
22. Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies . Volume 2. Towards large-scale models*, Abingdon: Routledge.
23. Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies. Volume 3. Integration and innovation: the 1970s*, Abingdon: Routledge.
24. Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies . Volume 4. Integration and dynamics: the 1980s and 90s*, Abingdon: Routledge.
25. Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies. Volume 5. New models and challenges*, Abingdon: Routledge.

26. Dearden, J. and Wilson, A. G., 2015, *Explorations in Urban and Regional Dynamics*. Abingdon: Routledge.

CHAPTERS AND ARTICLES**1962**

1. Wilson, A.G., 1962. A kinematical fitting program for the analysis of bubble chamber events. *HMSO NIRL/M/38*.

1963

2. Wilson, A.G., 1963. Unitary symmetry. *HMSO, NIRL/L/3*.
3. Wilson, A.G., 1963. Hypothesis assigning in the testing of bubble chamber events. *HMSO, NIRL/R/42*.
4. Wilson, A.G., 1963. Analysis of neutral cascade events from a heavy liquid bubble chamber, *HMSO, NIRL/R/56*.
5. Wilson, A.G. et al, 1963. Direct measurement of Ξ^- and Ξ^0 lifetimes. *Physical Review Letters*.
6. Wilson, A.G. et al, 1963. Ξ^0 Properties. *Sienna Conference Proceedings, 1*, pp. 1-4.

1964

7. Wilson, A.G. et al, 1964. Preliminary report on the interactions of 3.5 GeV K mesons in Hydrogen. *Sienna Conference Proceedings, 1*, pp. 146-154.
8. Wilson, A.G., 1964. Hypothesis testing programme manual. *Rutherford Laboratory: Chilton, Berks*.

1966

9. Wilson, A.G., 1966. The uses of cost benefit analysis in the local government sector. *Local Government Finance, 70*, pp.314-51.
10. Robinson, D. and Wilson, A.G., 1966. A note on calculating average compound rates of growth. *Bulletin of the Oxford University Institute of Economics and Statistics, 28*, pp. 241-46.

1967

11. Wilson, A.G., 1967. Mathematical models in planning. *Architectural Association Journal, 82*, pp. 260-65.
12. Wilson, A.G., 1967. A statistical theory of spatial distribution models, *Transportation Research, 1*, pp. 253-69; Reprinted in: R. E. Quandt, ed. 1970. *The demand for travel -theory and measurement*, Boston: Heath Lexington, pp. 55-82. Reprinted in: Angel, A. and G.M. Hyman, G. M., (eds.) 1976. *Urban Fields*. London: Pion, pp. 162-78. Reprinted in: Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies. Volume 2, Towards large-scale models*, 37, pp. 152-174, Abingdon: Routledge.*
13. Wilson, A.G., 1967. Forward financial planning in local government. *Local Government Finance, 71*, pp. 437-47.

14. Wilson, A.G., 1967. A note on intrazonal travel times. *Transportation Research*, 1, p. 288.

1968

15. Wilson, A.G., 1968. Models in urban planning: a synoptic review of recent literature. *Urban Studies*, 5, pp. 249-76; reprinted in: *Papers in urban and regional analysis*, pp. 3-30.
16. Wilson, A.G. 1968. Modelling and systems analysis in urban planning. *Nature*, 220, pp. 963-6.
17. Wilson, A.G., 1968. New methods in transportation planning. *Urbanistica*.

1969

18. Wilson, A.G., 1969. The use of entropy maximising models in the theory of trip distribution, mode split and route split. *Journal of Transport Economics and Policy*, 3, pp. 108-26.
19. Hyman, G.M. and Wilson, A.G., 1969. The effects of changes in travel costs on trip distribution and modal split. *Journal of High Speed Ground Transportation*, 3, pp. 79-85; Reprinted in: J.J. Murray, ed. *Ground Transportation, Planning Transport Association Inc.* Durham, N.C, pp. 367-372.
20. Wilson, A.G., 1969. Ground Transportation. *Planning Transport Ass. Inc.* Durham N.C., pp. 367-72.
21. Wilson, A.G., 1969. Research for regional planning. *Regional Studies*, 3, pp. 3-14.
22. Wilson, A.G., 1969. The use of analogies in geography. *Geographical Analysis*, 1, pp. 225-8; reprinted in: *Papers in Urban and Regional Analysis*, pp. 49-57.
23. Wilson, A.G., 1969. The technique of cost benefit analysis. Chapter 2 of *Cost Benefit Analysis*, Institute of Municipal Treasurers and Accountants; reprinted in: P. Brophy, M.J. Buckland and A. Hindle, eds. 1976. *Reader in operations research for libraries*. Washington D.C., N. C. R. Micro-card editions, pp. 231-36.
24. Wilson, A.G., 1969. New planning tools. *Architectural Design*, 39, p. 488.
25. Wilson, A.G., 1969. The integration of accounting and location theory frameworks in urban Modelling. In: A.J. Scott, ed. 1969. *Studies in regional science*. London: Pion. Reprinted in: *Papers in urban and regional analysis*, pp. 154-69.*
26. Wilson, A.G., 1969. Notes on some concepts in social physics. *Papers, Regional Science Association*, 22, pp. 159-93.
27. Wilson, A.G., 1969. Forecasting "planning". *Urban Studies*, 6, pp. 347-67; reprinted in: P. Cowan, ed., 1970. *Developing patterns of urbanization*. Edinburgh: Oliver and Boyd.
28. Wilson, A.G., 1969. Developments of some elementary residential location models. *Journal of Regional Science*, 9, pp. 377-85.
29. Wilson, A.G. et al., 1969. Calibration and testing the SELNEC transport model. *Regional Studies*, 3, pp. 337-50; reprinted in: *Papers in urban and regional analysis*, pp. 202-15.

Reprinted in: Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies. Volume 2, Towards large-scale models*, 39, pp. 193-214, Abingdon: Routledge.

30. Wilson, A.G., 1969. Heggie on gravity and interactance models - a rejoinder. *Operational Research Quarterly*, 20, pp. 489-92 and p.496.
31. Wilson, A.G., 1969. Movement in London: a review. *Traffic Engineering and Control*, 11, pp. 382-83.
32. Bayliss, D. and Wilson, A.G. 1969. Urban systems analysis and transportation planning. Paper presented to Loughborough Conference on Transportation Planning, *Working Paper 30*. Centre for Environmental Studies.
33. Wilson, A.G. and Kirwan, K., 1969. Measures of benefits in the evaluation of urban transport Improvements. In *Operational Research Quarterly (1970) 21*, pp. 99. Paper presented in to Annual Conference of the Operational Research Society, *Working Paper 43*, Centre for Environmental Studies.
34. Wilson, A. G., 1969. Paper presented to Annual Conference of the Operational Research Society, *Working Paper 43*, Centre for Environmental Studies.

1970

35. Wilson, A.G., 1970. Inter-regional commodity flows: entropy maximising approaches. *Geographical Analysis*, 2, pp. 255-82.*
36. Wilson, A.G., 1970. Disaggregating elementary residential location models. *Papers, Regional Science Association*, 24, pp. 103-25.
37. Wilson, A.G., 1970. Advances and problems in distribution modelling. *Transportation Research*, 4, pp. 1-18.
38. Wilson, A. G., 1970. The use of the concept of entropy in system modelling. *Operational Research Quarterly*, 21, pp. 247-65; reprinted in: *Papers in urban and regional analysis*, pp. 135-53.
39. Wilson, A.G., 1970. National planning for ports: towards an improved methodology. *Cooperative Endowment Lecture*, University of Kent at Canterbury; reprinted in: *Papers in urban and regional analysis*, pp. 31-45.

1971

40. Wilson, A.G., Bayliss, D., Blackburn, A.J. and Hutchinson, B.G., 1971. New directions in strategic transportation planning. *The urban transportation planning process*, OECD, Pion. Also available with additional appendices as *Working Paper 36*. Centre for Environmental Studies, London.
41. Wilson, A.G., 1971. Generalising the Lowry model. In: A. G. Wilson, ed. 1971. *Urban and regional planning*. London: Pion, pp. 121-23; reprinted in: *Papers in urban and regional analysis*, pp. 58-70.*

42. Wilson, A.G., 1971. Metropolitan growth models. In: *The mastery of urban growth*. Brussels: Mens en Ruimte.
43. Cordey-Hayes, M., and Wilson, A.G., 1971. Spatial interaction. *Socio Economic Planning Sciences*, 5, pp. 73-95.
44. Wilson, A.G., 1971. On some problems in urban and regional modelling. In: M. Chisholm, A.E. Frey and P. Haggett, eds. 1971. *Regional forecasting*. London: Butterworth, pp. 179-220; reprinted in: *Papers in urban and regional analysis*, pp. 91-132.
45. Wagon, D.J., and Wilson, A.G., 1971. The mathematical model. *Technical Working Paper 5*, SELNEC Transportation Study, Manchester.
46. Wilson, A.G., 1971. A family of spatial interaction models and associated developments, *Environment and Planning*, 3, p 1-32. Reprinted in: *Papers in urban and regional analysis*, pp. 170-201.*
47. Wilson, A.G., 1971. Behavioural inputs to aggregative urban system models. *Presented to the IBG/RGS/SSRC Conference on macro and micro approaches to urban systems research*, London; reprinted in: 1972, *Papers in urban and regional analysis*, pp. 71-90.

1972

48. Wilson, A.G. 1972. Some recent developments in micro-economic approaches to modelling households behaviour with special to spatiotemporal organisation. Presented to the *Centre for Environmental Studies Conference on Urban Economics, Keele*; reprinted in: 1972, *Papers in urban and regional analysis*, pp. 216-36.
49. Wilson, A.G., 1972. Analysis and planning problems: uses and prospects. *Papers in urban and regional analysis*, pp. 239-52.
50. Wilson, A.G. 1972. Systems analysis: a case study in urban transportation. In: R.M. Lees, ed. 1972. *New techniques in public administration, Vol. 1*. College of Europe, Bruges, pp. 217-54.
51. Wilson, A.G., 1972. Understanding the city of the future. *University of Leeds Review*, 15, pp. 135-66; reprinted in abbreviated form in: *Cambridge Review*, 94, (2211), p. 936.
52. Wilson, A.G., Gwilliam, K.M. and O'Flaherty, C.A.O., 1972. Research programme in transport planning, *SRC Project Working Paper 1*, University of Leeds: Institute for Transport Studies.
53. Wilson, A.G., 1972. Developing issues in urban transport planning, and discussion. *Minutes of Evidence*, pp. 250-57. House of Commons, London: Environment and Home Office Sub-Committee: The Expenditure Committee.
54. Wilson, A.G., 1972. Theoretical geography: some speculations, *Transactions, Institute of British Geographers*, 57, pp. 31-44; Reprinted in Japanese in: N. Buro, ed. 1976. *Spatial theory*. Tokyo: Kokonstroin, pp. 204-27.

55. Wilson, A.G., 1972. Multi-regional models of population structure, and some implications for a dynamic residential location model. In: A.G. Wilson, ed. 1972. *Patterns and processes in urban and regional systems*. London: Pion, pp. 217-42.

1973

56. Wilson, A.G., 1973. Further developments of entropy maximising transport models. *Transportation Planning and Technology*, 1, pp. 183-93.
57. Wilson, A.G. How planning can respond to new issues. In: P. Cowan, ed. 1973. *The future of planning*. London: Heinemann, pp.24-43.
58. Pay, J.L. and Senior, M.L. and Wilson, A.G., 1973. Student accommodation in Leeds, with particular reference to the contribution of the private sector, Appendix 5. In: *Report of the Working Party on Student Accommodation*. University of Leeds.
59. Wilson, A.G., 1973. Towards systems models for water resource management. *Journal of Environmental Management*, 1, pp. 36-52.
60. Rees, P.H. and Wilson, A.G., 1973. Accounts and models for spatial demographic analysis, 1, aggregated populations. *Environment and Planning*, 5, pp. 61-90.
61. Wilson, A.G., 1973. Principles for building a general urban model. *Working Paper 21*, Department of Geography, University of Leeds.
62. Wilson, A.G., 1973. From maps to models: geographical theory. In: N. Calder, ed. 1973. *Nature in the round: a guide to environmental science*. London: Weidenfeld and Nicholson, pp. 129-37.
63. Wilson, A.G., 1973. Problems in urban development. In: R.M. Lees, ed. 1973. *New techniques in public administration, Vol. 2*. Bruges: College of Europe.
64. Wilson, A.G., 1973. Travel demand forecasting: achievements and problems. In: D. Brand, ed. 1973. *Special Report, 243*. Washington: Highway Research Board, pp. 283-306.

1974

65. Senior M.L. and Wilson, A.G., 1974. Disaggregated residential location models: some tests and further theoretical developments. In: E.L. Cripps, ed. 1974. *Space-time concepts in urban and regional models*. London: Pion, pp. 141-72.
66. Wilson, A.G. and Rees, P.H., 1974. Accounts and models for spatial demographic analysis 2: age-sex disaggregated populations. *Environment and Planning*, 6, pp. 101-16.
67. Rees, P.H. and Wilson, A.G., 1974. A computer program for constructing spatial demographic accounts (aggregate populations): user's manual. *Working Paper 60*, University of Leeds: School of Geography.

68. Wilson, A.G., 1974. A maximisation problem associated with Drew's institutionalised divvy Economy. *Research Memorandum, RM-74-5*. Laxenburg, Austria: International Institute for Applied Systems Analysis.
69. Wilson, A.G., 1974. Linear-programming and entropy maximising models, *Research Memorandum, RM-74-6*. Laxenburg, Austria: International Institute for Applied Systems Analysis.
70. Wilson, A.G. and Senior M.L., 1974. Some relationships between entropy maximising models, mathematical programming models and their duals. *Journal of Regional Science*, 14, pp. 207-15.*
71. Wilson, A.G., 1974. Urban and regional analysis in Leeds - the structure and development of a research programme. *Working Paper 84*, University of Leeds: School of Geography.
72. Wilson, A.G., et al., 1974. A transport model for West Yorkshire. *Working Paper 57*, University of Leeds: School of Geography.
73. Senior, M.L. and Wilson, A.G., 1974. Explorations and syntheses of linear programming and spatial interaction models of residential location. *Geographical Analysis*, 6, pp. 209-38.
74. Wilson, A.G. and Rees, P.H., 1974. Population statistics and spatial demographic accounts. *The Statistician*, 23, pp. 229-57.*
75. Cripps, E.L., Macgill, S.M. and Wilson, A.G., 1974. Energy and materials flows in the urban space economy. *Transportation Research*, 8, pp. 293-305.*
76. Wilson, A.G., 1974. Some methods for building dynamic models in urban and regional analysis. In: A. Karlqvist, L. Lundqvist and F. Snickars, eds. 1974. *Dynamic allocation of urban space*. Farnborough: Saxon House, pp. 15-42.

1975

77. Wilson, A.G., 1975. Learning and control mechanisms for urban modelling. In: E.L. Cripps, ed. 1975. *Regional Science: new concepts and old problems*. London: Pion, pp. 137-55.*
78. Rees, P.H. and Wilson, A.G., 1975. A comparison of available models of population change. *Regional Studies*, 9, pp. 39-61.
79. Wilson, A.G., 1975. Some new forms of spatial interaction model: a review. *Transportation Research*, 9, pp. 167-79.
80. Wilson, A.G., 1975. Urban and regional models: some organising concepts to describe the state of the art. In: R. Baxter, M. Echenique and J. Owers, eds. 1975. *Urban development models*. Lancaster: The Construction Press, pp. 41-60.
81. Rees, P.H. and Wilson, A.G., 1975. Accounts and models for spatial demographic analysis 3: rates and life tables. *Environment and Planning, A*, 7, pp. 199-231.

82. Wilson, A.G. (as a member of the group), 1975. *The Channel Tunnel and alternative Cross Channel Services*. The Channel Tunnel Advisory Group, London: Department of the Environment.
83. Mackett, R.L. and Wilson, A.G., 1975. Teoria y aplicaciones de modelos. *Proceedings of the International Postgraduate Seminar on the Planning and Design of Urban Environmental Systems*. Caracas.
84. Wilson, A.G., 1975. Cities, planners, people and computers. *New Society*, 32, pp. 258-61.

1976

85. Wilson, A.G., 1976. Retailers' profits and consumers' welfare in a spatial interaction shopping model. In: I. Masser, ed. 1976. *Theory and practice in regional science*. London: Pion, pp. 42-59.
86. Wilson, A.G. and Rees, P.H., 1976. Spatial demography: some comments. *The Statistician*, 25, pp. 59-61.
87. Wilson, A.G., 1976. Catastrophe theory and urban modelling: an application to modal choice. *Environment and Planning A*, 8, pp. 351-6.*
88. Wilson, A.G., 1976. Non-linear and dynamic models in geography: towards a research agenda, presented to the SSRC Symposium on dynamical systems theory, University of Southampton, September 1976. *Working Paper 160*, University of Leeds: School of Geography.
89. Wilson, A.G. et al, 1976. SRC Transportation Planning Project: Computing and general systems units, *Phase I Final Report*. Presented to Science Research Council.
90. Wilson, A.G. and Pownall C.E., 1976. A new representation of the urban system for modelling and for the study of micro-level interdependence. *Area*, 8, pp. 256-64. Reprinted in: Wilson, A. G., editor, 2012, *Urban modelling: critical concepts in urban studies. Volume 3, Integration and Innovation: the 1970s*, 72, pp. 581-590, Abingdon: Routledge. *
91. Coelho, J.D. and Wilson, A. G., 1976. The optimum location and size of shopping centres. *Regional Studies*, 10, pp. 413-21.

1977

92. Wilson, A.G., 1977. Towards a unified model of urban structure and development. In: D.R. Deskins, G. Kish, J.D. Nystuen and G. Olsson, eds. 1977. *Geographic humanism, analysis and social action*. Michigan Geographical Publications, University of Michigan, pp. 217-58.
93. Wilson, A.G., 1977. The contribution of research to transportation planning. In: P.M. Bonsall, M.Q. Dalvi and P.J. Hills, eds. 1977. *Urban transportation planning: current themes and future prospects*. Tunbridge Wells: Abacus Press; Montclair, NJ: Allanheld, Osmun and Co.
